55~58 Cuft Upright Display Fridge

		Features
		Frost-free refrigeration system, automatic defrosting;
		R290 refrigerant, High efficiency compressor with fast cooling speed;
ク製保鮮相 HOMESUN 単述信		Electronic temperature control, intelligent and accurate temperature control;
		Automatic condensing water evaporating system, no need for manual pouring of water.
		Automatic closing system, heat preservation and energy saving;
		Full LED lighting, enhance the display effect of beverages;
		The shelves can be adjusted to facilitate the placement of different specifications of beverages;
		Universal caster, easy to move, front wheel with brake function, easy to fix it;
		High density microporous foaming layer with good insulation performance
		White alloy inner liner with fast cooling, environmentally friendly and healthy and easy for cleaning
		Three appearance designs to meet different customers need:
		FA: With top advertising light box, enhance image display,
		FB: No advertising light box, increase the display area,
		FC: Full glass design, high-end, elegant and perfect display goods.
Voltage/Frequency	220-240V/50Hz (115V/	/60Hz, 100V~ 50/60Hz)
Rated Power	700W	
Temperature range	0~10 °C	
Rated volume	FA: 1555 L, FB: 1574 L, FC: 1647 L	
Unit Dimension (mm)	FA: 1920*695*2043; FB/FC: 1920*695*2043;	
Packing Dimension(mm)	1970*710*2080	
Weight Net/gross (kg)	FA: 195/229; FB: 195/229; FC: 209 /243
